

CHAPTER V

CLOSURE

A. Conclusion

Based on the results of research “Students Perception on International Events in Providing Cross Cultural Understanding Experience”, the conclusion could be taken include:

- 1) International Events takes role to help students in learning other cultures. Some of the cultural aspects can be learned through several agenda in International Events, they are; 1) Art performance, 2) Country Presentation and 3) Bazaar.

- 2) There are three cultural aspects at International Events which provide cross cultural understanding experience they are; 1) Language, 2) Art and Literature, 3) Customs and traditions and 4) Religion

B. Suggestion

Based on result of the research, the researcher would like to give some suggestions as follows:

1. To English Education Departments students, it is hoped that they can take the advantages from International Events and learn other cultures.

And it is hoped that during International Events they could practice their English to communicate each other, to improve their speaking ability and their confidence in speaking English.

2. To English Student Association, it is hoped that International Events will always be continued to be held and being improved every year. This agenda has given a lot of advantages to English Education Department students especially to learn other cultures, and it would be better if International Events could provide every aspect of culture to make students learn more about cultures.
3. To the next researcher, it is expected that this research can give basic information for other researchers who want to do the same research in a more enriched one and able to be a reference about Cross Cultural Understanding.
