

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

Based on the research result, the researcher can conclude the points as follows:

1. The result of the writer's observation there are six techniques that the teacher use at eight grader students at MTs SMP1946 Banjarmasin those are : (1). Memorization technique, (2). Fill in the blank technique, (3). Guess the meaning technique, (4). Translation of literary passage technique, (5). Reading aloud technique, and (6). Use word in a sentence technique.
2. Based on the result of the writer's observation shows that the teacher can applied those technique well by completing almost all the parts in the lesson plan, but still have some lacks when applied those techniques because of the time allocation sometimes not enough and also have lacks of facilities and media of teaching.

B. Suggestion

Based on the findings of the research, the writer would like to propose the following suggestions:

1. The researcher realizes that the study however, has not been satisfactory yet. The researcher hopes that other researcher would continue this study to find other aspects in English learning process.
2. To the teacher the researcher hopes the teacher can apply more fun way to teach vocabulary or improve the technique with more games or interaction so the class will not be boring.
3. To the students the researcher hopes can be more active and speak up in the class without any afraid of others.
4. To the school the researcher hopes can develop their teacher with many training of learning activities and hopefully the school can add more facilities to support teaching and learning activities at MTs SMIP 1946 Banjarmasin.
5. To the head master of MTs SMIP 1946 can added more allocation time of teaching and learning activities in the class at MTs SMIP 1946 Banjarmasin.
