

## **CHAPTER V**

### **CLOSURE**

#### **A. Conclusion**

Overall, this study aims to find out the technique of teaching English used by lecturers in UPB (Language Development Unit) group class 2 and group class 5 with different level: advance and intermediate. In addition, the researcher in this study aims to find out whether the techniques are appropriate to the students or not. Based on the research questions, the researcher concluded:

1. The techniques used by the lecturers in advanced and intermediate group are Translation of literary passage, Reading comprehension question, Fill in the blanks, Reading aloud, Question and answer, Conversation practice, Paragraph writing, and Role play.
2. The techniques that the lecture use for advanced and intermediate class are appropriate with the students. Thus, the way the lecturer teach the class are different but the techniques are similar between advanced and intermediate level's students.

## **B. Suggestion**

1. For the lecturer, the researcher suggests to use many techniques in the class during the teaching process so that the teaching process become fun
2. For the students please be consider when the lecture applies the technique in the classroom
3. For the other researcher who want to conduct a research I the same field, the researcher hope they will gain the data with good result.
4. For Language Development Unit the researcher would like to suggest to provide or hold a training for all the English Language Development Unit lecturers regarding the teaching techniques.
