CHAPTER V

CLOSURE

This chapter conveys two different sections: in conclusions, two points are concluded from the results based on the objectives of this research. In suggestions, some suggestions are given to some parties related to the results.

A. Conclusion

From the analysis, the writer found 29 taboo words that appeared in *Wild Child* movie. The first objective of this research is to identify and to describe the types of taboo words in *Wild Child* movie. All the types of taboo words that consist of epithet, profanity, vulgarity, and obscenity. The main characters mostly utter epithet. While the use of vulgarity

Epithet becomes the most frequently used taboo words which appear 23 times because it is considered as the most effective way to insult someone. Moreover, epithet type is frequently used by the characters when they want to show their disrespect toward the addressee. By using epithet that contains disgust to the sense, is repulsive, indecent, and lack of morality, the speaker can easily debase other people’s pride and their goal to hurt other people’s feeling will be easily accomplished.

The least frequency used taboo word is obscenity. It Therefore, it can be noticed that obscenity is not effective enough to be used as an offensive word to debase other people’s pride. Instead of using epithet as offensive language, the
characters in *Wild Child* movie use epithet to show contempt by calling one’s name with a certain type of slurs such as a word that refers to race, ethnicity, gender, sexuality, one’s appearance, and disabilities.

The second objective of this research is to identify and to describe the functions of taboo words in *Wild Child* movie. There are four functions that appear in the series: to draw attention to oneself, to show contempt, to be provocative, and to mock authority. The main characters mostly utter to show contempt. It gets the highest appears 13 taboo words found in the movie. While to mock authority was less uttered by the main character in this movie. There are draw attention to oneself

To show contempt appears as the most frequent function to occur in *Wild Child* movie because it can represent the speaker’s intention of using taboo words that is to show their disrespect toward other people. Moreover, it can be the most effective function to express the disrespect feeling toward other people since it is directed and aimed to hurt someone’s pride. In the movie, the characters employ taboo words when they want to show their dislike toward someone. Then, to mock authority appears as the least function to occur in the movie because of its theme.*Wild Child* movie is a teen comedy which is concerned in creating humorous and romantic atmosphere to the movie. Therefore, this kind of theme is not concerned in criticizing governmental stuffs which usually show some negative perspectives about the government in general.
B. Suggestion

Based on the result of this research, some suggestions can be proposes to the following parties:

1. To English Department

   In analyzing taboo words, students had better pay more attention to the functions of taboo words which do not always mean that speaker want to hurt other people’s feeling. They can be functioned to show intimacy or to maintain a good relationship by calling one’s name with certain types of taboo words.

2. To English Lecturers

   A movie is the representation of human real life can be a good and interesting medium to learn about taboo word. Moreover, using a movie as the medium in learning activity will be much more fun because the students can enjoy the story as well as study the taboo words that uttered by the characters in the movie.

3. To Other Researchers

   This research focuses on identifying and describing the types of taboo words and also describing the functions of taboo words in Wild Child movie. Similar researches that will be conducted in the future are better to discuss those problems. The other researchers can observe the relationship between the use of taboo words and gender issue. Moreover, since this research only contains 29 data, other researchers who are planning to conduct a research with the same topic can use other movies that contain more data for their research.
