

CHAPTER V

CLOSURE

This chapter presents conclusion and suggestions related to what the research analyzed and discussed about Teacher's strategies in developing teaching materials of 2013 curriculum.

A. Conclusions

Based on research result about the teacher's strategies in developing teaching materials of 2013 at MAN 2 Model Banjarmasin it can be conclude:

1. The writer obtained information that teacher's strategies in developing teaching materials in MAN 2 Model Banjarmasin there were of the research findings is about media used by the teacher in developing materials like picture, realia/ real things, video, students English book, textbook.
2. The supportive factors in the developing teaching materials of 2013 curriculum are Library (with a collection of 3250 titles and 10,705 copies), Free Hotspot, Language Laboratory (English and Arabic), Multimedia Room, and many facilities to makes it easier for teacher's to acces materials. beside that the teacher also active follow of the activity MGMP.

B. Suggestion

Based on the result of the research findings, the writer would like to give some suggestion for the following people:

1. For the English teacher

Every students has different ability, creativity, characteristic and interest. So, the teacher should understand what the students need based on their differences. The teacher must use suitable strategies in development materials them to help her students to support their student's learning in order to become successful language learners.

2. For the students

The students are hopes to be more active, and creative in learning English language especially. They can understand the material provide by the teacher.

3. For the other researcher

For the other researcher who want to conduct a research about teacher's strategies in developing teaching materials, the result can be used as and additional references for furthner research with different discussion domain in teacher's strategies.
