

CHAPTER V

CLOSURE

This chapter shows the result of the study that consist of conclusion and suggestion. The first part provides the conclusion of this research and the second part presents the suggestion for the lecturers, students, and researchers.

A. CONCLUSION

From the findings and discussion showed in the previous chapter, the researcher draws some conclusions as the result of finding out students perception about plagiarism and kind of plagiarism that usually do by students in daily academic. The conclusion showed as follow:

1. Based on the result of data collection, it shows that students have similar perception about plagiarism. All participants said that plagiarism is bad habit or an act should not be imitated, because it can harm other and also can make students lazy to do assignment by them selves as discusses above. However, all the participants who were interviewed, they admitted that they had done plagiarism in completing the coursework and most of them admitted that they had regretted doing the action.
2. Based on the result of the interview, all of the participants said that the kind of plagiarism that usually do by student are namely direct plagiarism, paraphrase plagiarism, verbatim plagiarism, plagiarism source, plagiarism ideas, claiming into one's own, keyword plagiarism, self plagiarism as explained above.

B. SUGGESTIONS

After conducting the interview and analyzing the data, the writer would like to suggest which are hoped to be useful in the future for the researcher who are interested in this area of study

1. For future researcher

In order to gain a deeper understanding of students' perceptions, future researchers should consider incorporating questions and in-depth interviews of larger samples when collecting data.

2. For students and lecture

In order to better understand the concept of plagiarism itself and be more aware that such actions are negative actions and can be detrimental in the academic world as well as in everyday life. In addition, students and lecturers are expected to use the plagiarism checker tool that has been widely provided on the internet.
