

CHAPTER V

CLOSING

A. Conclusion

1. Practice Surah Thâhâ recitation verses 25-28 between two sermon Friday at Al-Hikmah Islamic Boarding School Betung Banyuasin, implemented every Friday by routine by female students cottage Al-Hikmah Islamic Boarding School, with base understanding administrator or the teacher in instruct Surah Thâhâ recitation this verse 25-28 solely for worship, get used to students constantly interact with the Qur'an, get accustomed to students at each his business so accompanied with prayer. Students who believe with full heart truth priority as well as the blessings of this surah that come from Allah, so that make motivation alone for they for always practice reading this, so Ustadzah always give motivation as well as increase spirit students in practice this.
2. For the process of reading the Qur'an Surah Thâhâ verses 25-28 in Al-Hikmah Islamic Boarding School held every day Friday between two sermon Friday, that is started with attractive breath deep then immediately Read Surah Thâhâ verses 25-28 earlier as much three times without breathing.
3. Practice Surah Thâhâ recitation verses 25-28 between two sermon Friday at Al-Hikmah Islamic Boarding School with use theory Karl Mannheim's

sociology includes three important point that is, objective meaning, expressive meaning as well as documentary meaning, from all three have linkages one same other, including:

a. Objective Meaning

That is that practice reading this surah is an order from administrator or the cleric who has method alone for become female students be a pious person and knowledgeable, get used students always interact with the Qur'an every day , too covers destination good that is effort students in demand knowledge and also is form remembrance to Allah.

b. Expressive Meaning

Expressive meaning this divided Becomes two, namely expressive meaning according to students, expressive meaning according to administrator or his cleric. If corner look to students so expressive meaning is in practice this, got Convenience in demand knowledge in everyday life so that make calm alone for those who experience it. However there are also students who haven't feel expression change after To do practice that. Meanwhile, for administrator or the teacher about expressive meaning is continuity activity that.

c. Documentary meaning

That is amaliah that is ordered at the boarding school becomes practice that doesn't realized by female students so make more discipline from unwillingness do it becomes bad habits realized.

Of the three meaning on there is differences meaning feel by the female students. If objective meaning more thorough into the meaning beginning the practice (activity) that is ordered, expressive meaning about role or the perpetrator (students) who is To do practice good it did it truly or who did simply only, however permanent experience change though no same, last documentary meaning also combined Among meanings previously that is more to perpetrator who did later practice feel all something not once thought by him previously as well as Becomes culture for students for always practice it .

B. Suggestion

In this living Qur'an research, author study about the implementatiton surah Thâhâ verses 25-28 between two sermon Friday of students at Al-Hikmah Islamic Boarding School Betung Banyuasin, Karl Mannheim's perspective of meaning. Of course still many objects other unexplored living Qur'an research studied. Writer admit it that study this still many deficiency and error. By because that, author expect critics and constructive suggestions for writing thesis next more good.

1. For students Cottage Al-Hikmah Islamic Boarding School for Keep going conserve practice reading this surah, hopefully practice Surah Thâhâ recitation this could applied and understood could practice to be useful for life civil society.
2. For administrator Cottage Al-Hikmah Islamic Boarding School should practice reading no only Surah Thâhâ this course. So that whole letter in the Qur'an it becomes live inside the so called society with the living Qur'an.
3. To next researchers, in thesis this still many deficiency, by hence advice and critics from researcher nor the intellectual very researcher expect, and for researcher next should more deepen theory knowledge sociology as complement from study next.
