Keywords: Teaching skills, Pedagogical theory, Professional skills.

Teachers have difficulty in using Google Classroom. This is the first time they use technology in learning. They are shocked and have to adapt to the circumstances. The pandemic has changed learning strategies from offline to online. They do not even know Google Classroom before, confused where they can get information about how to use Google Classroom. They have to adapt quickly and also have to quickly learn about Google Classroom.

This research to explore the use of Google Classroom at SMPN 12 Banjarbaru in terms of their teaching skills, pedagogical theory, and professional skills. This study use qualitative research design by using interview and documentation as the technique of data collection.

The result of the teacher use of Google Classroom at SMPN 12, Three skills in term of teaching skills can be applied, there are explaining skill, opening and closing skill and classroom management skill. In term of pedagogical theory teacher is required to learn the knowledge that will be taught to students. During the pandemic, it required teacher to learn about Google Classroom, how to install, how to post materials or videos, and more, even though forced by circumstances and shock by circumstances. and professional skills teacher found the class quiet, so confused, they were paying attention or not. There are tasks that collect them quite a bit. It's hard to see their gestures, facial expressions.

ABSTRAK

Kata Kunci: Keterampilan Mengajar, Teori Pedagogis, Keterampilan Professional.

Guru mengalami kesulitan dalam menggunakan Google Classroom. Ini adalah pertama kalinya mereka menggunakan teknologi dalam pembelajaran. Mereka kaget dan harus beradaptasi dengan keadaan. Pandemi telah mengubah strategi belajar dari *offline* menjadi *online*. Mereka bahkan belum mengenal Google Classroom sebelumnya, bingung dari mana mereka bisa mendapatkan informasi tentang cara menggunakan Google Classroom. Mereka harus cepat beradaptasi dan juga harus cepat belajar tentang Google Classroom.

Penelitian ini untuk mengeksplorasi penggunaan Google Classroom di SMPN 12 Banjarbaru dalam hal keterampilan mengajar, teori pedagogik, dan keterampilan profesional. Penelitian ini menggunakan desain penelitian kualitatif dengan menggunakan wawancara dan dokumentasi sebagai teknik pengumpulan data.

Hasil dari penggunaan Google Classroom oleh guru di SMPN 12, Tiga keterampilan dalam hal keterampilan mengajar dapat diterapkan, yaitu keterampilan menjelaskan, keterampilan membuka dan menutup dan keterampilan mengelola kelas. Dalam teori pedagogik guru dituntut untuk mempelajari ilmu yang akan diajarkan kepada siswa. Di masa pandemi, guru diharuskan belajar tentang Google Classroom, cara memasang, cara memposting materi atau video, dan lain-lain, meski terpaksa karena keadaan dan kaget karena keadaan. dan guru keterampilan profesional menemukan kelas sepi, sangat bingung, mereka memperhatikan atau tidak. Ada tugas yang mengumpulkannya cukup banyak. Sulit untuk melihat gerakan mereka, ekspresi wajah.
