

CHAPTER IV

CLOSURE

A. Conclusion

After analyzed the data, the conclusion was drawn based on the data analysis in chapter three. From the data that have been analyzed, the conclusion can be stated as follows:

1. There were 7 types of English collocation, which were found in the novel *Percy Jackson & The Olympians: The Lightning Thief*. 7 the types of English collocation were: adjective + noun, adverb + adjective, noun + noun, noun + verb, verb + noun, verb + expression with a preposition and verb + adverb.
2. The result all the types there were 559 of English collocations found in this the novel. The most frequent the data of the types and the result of English collocation that found in the novel was from the adjective + noun = 280 collocations. While to types for adverb + adjective = 60 collocations, noun + noun = 107 collocations, noun+ verb = 21 collocations, verb + noun = 56 collocations, verb + expression with preposition = 8 collocation and verb + adverb = 27 collocations.

B. Suggestion

After analyzed the data, there were several suggestions in the matters as follows:

1. If people study about English collocation, they have more often opened the dictionary to know-how is the collocation that. Not only to know about it but also can remember vocabulary and to know the meaning that. It can be also to help our speaking and writing to be good.
2. A study of English collocation will make us easier to speak regularly and also comfortably be heard by other people.
3. Collocation can also be found from various sources such as a magazine, book, novel, film, newspaper, and others. Because it can make us more often reading until to be fluent, easy to speak and then comfortable to be heard by other people.
4. For lecturers should also give directions about English collocation to university students in order that they know and they can more often open the dictionary to make it easier to remember vocabulary for speaking, reading and writing
