

CHAPTER V

CLOSURE

A. Conclusion

The purposes of this research are to know the technique used that is used in teaching English and how the teacher applies them at SMALB in SLB B/C Dharma Wanita Persatuan Provinsi Kalimantan Selatan.

After conducting all research and analyzing all the data, the writer would like to conclude all the results of the study as follows:

1. The techniques that applied by the teacher at SMALB are transcription, questions and answer, repetition drill, reading aloud, memorization, singing song.
2. The teacher applied the techniques through three steps, pre-activity, while activity, and post-learning activity.

B. Suggestion

Based on the observation, the writer has the following suggestions:

1. For SMALB in SLB B/C Dharma Wanita Persatuan Provinsi Kalimantan Selatan, it is expected that the school can pay little more to the students' knowledge about science despite improving other skill in other extra-curricular because science is also importance for their future.
2. For the teacher, it is expected that teacher can improve the skill in teaching the students, the skill about managing the class,

understanding students' character, improve knowledge about techniques of language teaching, and pay an extra to the students understanding before all.

3. For the next researcher, it is expected that this research can give basic information for the other researcher who want to do the same research in ore enriched one.
