

CHAPTER V

CLOSURE

A. Conclusions

Based on the result of the research toward the students' ability in writing congratulation card at the eighth grade students of MTsN 2 Gambut academic year 2014/2015, there are some important conclusions that can be presented by the researcher as follows:

1. The students' ability in writing congratulation card at the eighth grade students of MTsN 2 Gambut academic year 2014/2015 is fair. It is based on the mean score (69.77) and the largest percentage (40 % who got scores 60 - <70) of the students.
2. The most difficult aspect that students faced is in grammar and followed by punctuation.

B. Suggestions

The researcher has some suggestions, perhaps these will be input for the students, the teacher and the readers:

1. The students are at the eighth grade of MTsN 2 Gambut should study harder and practice more to improve their ability in English learning, especially in writing skill. They should practice more and more again in order to make them mastering in writing and another English skills.
2. The English teacher can help the students to improve their writing skill by giving them more practice in interesting ways and materials.

3. For the next researchers, they can explore and investigate deeper other factors that might be influence students' ability in writing congratulation card, or can find other ways that students use to improve and develop their writing congratulation card ability and how well it works for other students.
