

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

A. Conclusion

Based on the result of the research toward the effectiveness of using semantic mapping technique in improving vocabulary mastery of the seventh grade students at SMPN 5 Kotabaru, there are some important conclusions that can be presented by their writer as follows:

1. The effectiveness of using semantic mapping technique in improving vocabulary mastery of the seventh grade students at SMPN 5 Kotabaru, it is based on the gain test formula taken from result pre-test and post-test experiment class. The result is 0.0708 (fair category).
2. The students' response toward semantic mapping technique in improving vocabulary mastery of the seventh grade students at SMPN 5 Kotabaru is in good category which questionnaire got the mean of percentage score 72,26%.

B. Suggestion

Based on the findings of the research, the writer would like to propose the following suggestions:

1. For the seventh grade students at SMPN 5 Kotabaru, it can be as motivation in learning English especially vocabulary. They can get different ways in learning English. They should learn more about their skills in vocabulary.

2. For the English teachers, in implementation this method, teacher must consider the time because the teaching and learning using semantic mapping spend more time and need good preparation in material and others. Also, teacher should pay attention to the imaginative skill of students with more respect to them in writing by using semantic mapping technique.
3. Next researcher who wants do the same research in more enriched one are expected can become a reference to continue next research.
4. Semantic mapping can be one of the instructional technique used in teaching learning activity. For teacher, it can be useful and expected to be able to improve vocabulary mastery of the seventh students at SMPN 5 Kotabaru.
