

CHAPTER V

CLOSURE

A. Conclusion

Based on the research result of the PPB students of State Islamic University of Antasari Banjarmasin 2016/2017 by using pre-reading activities, it got the conclusion as follows:

1. The use of pre-reading activities in teaching reading comprehension giving many benefits for students'. Learning through pre-reading activities can enhance students' ability in comprehension and make the students' easier to understand about reading material.
2. The students' responses about using pre-reading activities in reading comprehension meeting are happy and enthusiastic during pre-reading activities because it enhance students' comprehension and make them easier to understand about passage. Although in next meeting students' responses toward the lesson become less interesting to students because they felt bored toward the lesson but over all using pre-reading in reading comprehension gives many benefits.

B. Suggestion

Based on the research result of the PPB students of State Islamic University of Antasari Banjarmasin 2016/2017 by using pre-reading activities, the researcher gives some suggestions as follows:

1. For the English lecturer of PPB Islamic State University of Antasari Banjarmasin, it is suggested that the lecturer be more creative and innovative when he or she teaches English especially comprehend reading using pre-reading activities, there are many kinds of pre-reading activities that can lecturer use to teach to make the teaching and learning process not monotonious.
2. For the students, they should study hard at home especially they have to increase their vocabularies because it also helps them to understand about what they read more quickly. Do not forget to always bring dictionary.
