### President Obama Talks The First Lady The Ellen Show

Dipublikasikan tanggal 12 Feb 2016

President Barack Obama spilled details on how he and the First Lady work things out.

0:00

Do you look at what's going on now in the campaigning?

0:03

do you miss it any way and do you look at them and go, you're making a big mistake?

0:08

>> [LAUGH] I don't miss it.

0:12

>> [LAUGH] >> It's always good to get

0:16

out of Washington, which can sometimes be a little depressing.

0:21

What will, to get out of Washington or to, what part is the depressing?

0:27

>> Well, Washington.

0:29

>> [LAUGH] >> That's, I would think so.

0:31

>> Yeah. >> [APPLAUSE]

0:32

>> I mean, really.

0:33

>> Yeah, no, but- >> You're probably not kidding-

0:34

>> I'm not kidding.

0:35

>> Yeah, I mean, what was the biggest surprise for

0:37

you when you became president, what surprised you the most?

0:43

Well, the fact is that

0:47

most of the time if something doesn't on my desk, it means just easy,

0:52

which is why they bumped it up to me cause nobody else could figure it out.

0:58

And when I came in, the economy was collapsing.

1:00

We were about to go into a great depression.

1:02

We had to make a whole bunch of decisions about saving the auto industry or making

1:06

surely that business has got back on their feet, or the housing market would recover.

1:13

And you're having to make big bets with incomplete information.

1:18

You're not sure that everything's go to work.

1:20

And I think that part of what's happened in this Instagram.

1:26

You know, Twitter culture is that we expect quick answers

1:32

without sacrifice, without having to make choices, and politicians play into that.

1:39

But the truth of the matter is, you know the world is a big complicated place.

1:42

The good news is that we're generally going in the right direction,

1:46

and my hope is that we'll continue to do so.

1:48

>> That's everybody's hope, but let's talk about me.

1:52

I feel like.

1:53

>> [LAUGH] >> Don't you think if more people danced.

1:57

>> Yes. >> And just had fun instead of,

1:59

everyone takes everything so seriously and I think that we have these people,

2:04

I'm just kidding there, obviously, but I think we have people that

2:07

we all have the one thing in common which is we just want a good quality of life.

2:12

>> Right. And

2:13

then we had these people that feel one way and if someone feels another way,

2:16

we tend to hate them and it's just- >> That's not helpful.

2:20

>> No, it's not helpful.

2:22

>> The amount of stuff that is just put out there on the internet or on

2:27

sometimes news broadcasts that are just factually inaccurate, is surprising.

2:33

And it's really hard to catch up.

2:35

Since I came into office, we reduced a federal's US deficit by year.

**2:40**

Try to ask the average person, they're sure that spending has shot up.

2:46

And the reason is because there are a bunch of folks who say that.

2:50

We're wildly overspending even though we aren't.

2:53

>> Right. >> And that's just one a small example, but

2:56

it happens all the time.

2:58

And that's something that we have to fix partly by people paying more attention

3:03

to what's going on every single day.

3:05

And it's hard because people are busy.

3:06

They're dropping off their kids, they're working.

3:09

They are, you know, trying to figure out how they get some exercise,

3:13

do some push up and.

3:17

>> Speaking of her.

3:18

>> Okay. >> What do you and your first lady disagree on.

3:20

>> [LAUGH] >> Well.

3:23

>> Like what do you fight about.

3:26

>> After about, 15 years

3:32

I finally figured out that she's always right.

3:37

So. >> [APPLAUSE]

3:37

>> So then surprisingly we just

3:38

stopped fighting.

3:39

>> And there's no more fighting.

3:41

>> [LAUGH] >> Well, she's a cheater,

3:42

you know that, when you talk about the push ups.

3:45

I'm not even gonna, I'm not gonna argue about it anymore.

3:48

>> [LAUGH] >> But she's a cheater.

3:50

So look at how far down I went, and look how-

3:53

>> You're so upset about that.

3:55

>> I am so because she didn't go down all the way and

3:57

she claimed she had longer arms and so she's, listen,

4:02

it was very impressive that she kept going but she didn't go down as far as me.

4:06

>> Okay. >> Look at, look.

4:08

>> She's going down pretty far.

4:09

>> No, no, no.

4:10

Not as far down as me.

4:11

[LAUGH] Look.

4:13

>> I mean those are good, you have good form.

4:15

>> I have better form than her [LAUGH] and I.

4:19

>> You have good form.

4:20

[APPLAUSE] >> All right.

4:21

[APPLAUSE]
