After conducting the research and getting the data about the teacher use the pictorial material in teaching English for the eighth grade students at MTsN 5 Tanah Laut. The result of the research as follow :

1. The teacher uses the pictorial material in teaching English for the eighth grade students at MTsN 5 Tanah Laut, through planning the lesson, prepare the material, use appropriate time allocation, achieved the learning goal and students condition. The teacher can control activity well in teaching English by using pictorial materials. Students were interested and enthusiastic with teaching materials and purpose of teaching and learning English lesson.
2. The student's response in teaching materials for the eighth grade students at MTsN 5 Tanah Laut by using pictorial material is positive. It can be seen from the result of questionnaire, the percentage of students' responses to use the pictorial material in teaching English lesson is above 74% based on the questionnaire. The researcher also can state that the student's responses are positive from observation. While the teaching learning process the student looked enthusiastic to material gave by using pictorial material.

B. Suggestion

Based on discussion and conclusion above, the researcher formulates some suggest as follow :

1. The teacher should develop method in teaching learning proces. Let students get new experience, new concept, and better skill. So they and skill.
2. The teacher has to improve his ability in teaching media with various media that can be make the student interest and enthusiastic in learning English lesson.
3. The headmaster of Junior High School (MTsN 5 Tanah Laut) support would be better to activated the English study club, because the time allocation that is available in the class is not enough to improve students' ability in learning English lesson.
