

CHAPTER V

CLOSURE

A. Conclusion

Based on the research result of Exploring English Students Department's Problems in Making Research Proposal, it can be concluded that there are ten problems that students have in making research proposal. These problems are; (1) the difficulty to know the parts of a research proposal, (2) the difficulty to put ideas into writing, (3) the difficulty to explain the reasons for choosing a topic so as not to be the same as previous research, (4) the difficulty to write in generally to specifically, (5) the difficulty in finding books, journals, and etc. (6) the difficulty in finding theories that related with topic proposal, (7) the difficulty in finding sources on the internet, because there are some paid sites, (8) the topic of research has no many previous researches, (9) the difficulty to understand the theories of data analysis, (10) the difficulty to conclusion the result of data analysis.

B. Suggestion

From the result of research, discussion, and conclusion which is discussed above, the researcher wants to give suggestion as follows:

1. The students should learn more about how to make research proposal either structure of written or analysis data.
2. The students should often write, especially in a scientific paper.

3. For students, they should searching literature on internet to save time effectively.
4. For All lecturers who teach Research in ELT and Seminar (Lingustics/Langugage/Teaching) in particular, should give more explanation. Not only provide examples and tasks, but provide more detailed explanations. Because not all students can receive the material quickly and accurately.
5. The lecturer should be able to improve the students' ability in understanding the parts of research proposal and steps to analysis data.
