## **B. Suggestion**

Based on the finding and discussion of the research, the researcher would like to propose the following suggestions:

1. For students of English Department are expected to be confident and brave to speak, confident is the key to success in speaking to help them in daily life conversation and all skills of English and also should be creative to learn from everything get more knowledge, not only from the lecturer but also from other media like YouTube, Movies, Music. Because mastering English need a habits .
2. For the lecturer, know and understand the students personality to for choosing the right method of teaching and media to make the class more active and interesting for their students and make them enjoy in learning although the material is difficult.
3. The researcher realizes that this study is not perfect. The researcher hopes that other researchers would continue this study to make this research more perfect and it can be apply for all of the students to improve the students' mastery in english especially for speaking.
