CLOSURE

A. Conclusion

Based on the finding from five times observation and interview with twenty students of MEC English Syariah Banjarmasin, it could be concluded that:

1. There are nine (9) types of communication strategies used by the students of MEC English Syariah Banjarmasin, those are: 1). Code switching, 2). Use of fillers, 3). Appeal for help, 4). Use of non-linguistic means, 5). Approximation, 6). Message abandonment, 7). Topic avoidance, 8). Circumlocution, and 9). Foreignizing.
2. The dominant type of communication strategies used by the students of MEC English Syariah Banjarmasin is code switching.

B. Suggestions

Based on the findings, it is necessary to give some suggestion for English teacher and next researchers.

1. Suggestion for the teacher

Researcher suggest for the teacher to teach the students for using other strategies and accustom them to use that strategy mostly, and in researcher's opinion a good communication strategy to be used is circumlocution. This strategy keeps the students to speak English by describing what they want to say in English sentences, so it is usefull for

improving students' speaking skill, then the students will speak English fluently.

2. Suggestion for next researchers

For the next researchers, the researcher suggests to conduct the same study, but using different theory of communication strategies because it is usefull for getting deeper understanding of many types of communication strategies, and to know which strategies usefull to help us in giving understanding each other when communication.
