

CHAPTER V

CONCLUSION AND SUGGESTION

This chapter present the conclusion of the study. Some suggestion related to the result of the study are also included in the end of the chapter.

A. Conclusion

Based on the result of the research, some conclusion can be drawn as follows:

1. The teacher's strategies in teaching English vocabulary at the eleventh grade students at MAN 5 Barito Kuala the teacher used the multiple meaning and game to memorizing vocabulary from the text and from the vocabulary that has been memorized by the students.
2. The reason why the teacher applies the strategies in teaching vocabulary at the eleventh grade student at MAN 5 Barito Kuala with multiple meaning, game or memorization because the students are more easier and more understanding about learning vocabulary. Because many students feels boring if the teacher just explains about the material.
3. The problems English teachers in teaching vocabulary at MAN 5 Barito Kuala is pronunciation, and many of the students are lazy in learning English language and then there are students shy in speak in English.

B. Suggestion

The suggestion would be proposed for the English teacher and other researchers are as follows:

1. For the English teachers the suggested to add other references to teach vocabulary contextually and interesting for the students because the teachers should be apply the appropriate strategies in teaching vocabulary to improve the student 's vocabulary ability.
2. For the others researchers, in order to make more explanation of the effect from strategies which used in teaching vocabulary because in this research only explain about teaching vocabulary.
