The researcher would like to give some brief suggestions for the readers especially the students who are willing to conduct a research on the same topic, try to search for a school that has been implemented MALL in the school and not only using one platform app but several platforms because it will help expand your research. Make sure not only one teacher that uses it, the more teacher you can choose for the subject and interviewed them you can get a different perspective from one teacher to another.

The researcher suggests to future researchers who are interested in conducting the same fields to use other theories that can support the theory which the researcher already used. The researcher hopes that if other students will conduct a study on the same topic with different materials, they will get new findings of knowledge dealing with MALL. The researcher truly realizes that this research is still far from being perfect, so constructive criticism and suggestions from the readers are expected to make it perfect. Hopefully, it will be useful for the readers especially for the lectures and students of the English Education Department of UIN Antasari Banjarmasin.
