

CHAPTER V

CLOSURE

Closure is the fifth chapter in this thesis. This chapter presents the summary of conclusions and suggestion dealing with the research finding of the research and the research questions on chapter one. The conclusions come from the findings that have been discussed in the previous chapter. Based on these conclusions, there are some suggestions that are expectation that aims to contribute the problem in writing thesis.

A. Conclusion

Based on the research result of An Anlysis of English Students Departments Problems in Writing Thesis, it can be concluded that they are seven problems that students have in writng thesis. There are in Internal Factor: 1. The difficulcy in writing thesis, 2. The difficulty in understanding between title and conten of thesis is different that is often revised, 3. The difficulty in academic writing, 4. Lazy to completing the thesis, 5. Lack of motivation. In External Factor: 1. The difficulties to what should do first altough always get explanation,suggestion and solution from lecturer related to the thesis problem, 2. Often gather with friends compared to completing the thesis with friends.

B. Suggestion

Based on the findings of the research, the researcher would like to propose a suggestion. This suggestion is necessary for the relevant people, they are:

1. For The Students

The researcher suggests that students are more eager to work on their thesis, motivation is very important in writing a thesis because without the motivation to write a thesis the thesis will not be finished, and do not suggest yourself that the thesis is difficult but make it thesis that it is an easy and easy thing surely we will miss something we want to try first as well as a thesis, when you want to get a bachelor's degree then you have to pass the name of the thesis first

2. For Lecturer

Lecturers need to pay attention to students who have the lowest writing skills because they have the right to write better so that their thesis is perfect for others to read and they are easier to write their thesis. lecturers also need to pay attention to their guidance and continue to provide motivation, so that the thesis writing process runs smoothly and finishes on time.

2. For The Next Researcher

The researcher hoped for the next researchers investigates the writers which have difficulties in writing an effective paragraph in their thesis. The next researcher might be better if they describe bravely about the writers' problem in writing an effective paragraph in their thesis. It will be useful because it will make their thesis will be perfect.

3. For English Department

The researcher hopes that the English Department can hold seminars and work shop intended for students who are facing thesis. Thesis writing is also important so that students who face a thesis have more capital and knowledge about good and correct thesis writing.
