

ABSTRAK

Dhiyaa Meuthia Faiqah Erba. 2020. *Pemberdayaan Ekonomi Anak Yatim dan Dhuafa Melalui Zakat, Infaq, dan Sedekah di Griya Yatim dan Dhuafa Banjarmasin*, Study Program Islamic Banking, Faculty of Economics and Islamic Business. Supervisors(I) Dr. Syaugi, S.Ag., M.A (II) Lutpi Sahal, S.H.I., M.S.I

Keywords: Economic Empowerment, Zakat, Infaq, and Alms, Griya Yatim and Dhuafa.

This research is motivated by zakat, infaq and alms funds which are potential sources of funds to be developed and also a potential source of funds to alleviate poverty as well as to help them in economic growth. In addition, it can also function as working capital for the poor to create jobs, so that their economic needs can be empowered. The purpose of this study was to determine how the distribution and acceptance patterns in Griya Yatim and Dhuafa are, as well as how the roles of zakat, donations and alms on economic empowerment of orphans and poor people in Banjarmasin.

This research is a field research or uses a qualitative descriptive approach. Techniques in data collection used were interviews and documentation.

Based on the results of the research, the pattern of acceptance at Griya Yatim and Dhuafa was carried out by making bank transfers to the Griya Yatim and Dhuafa accounts, and also by visiting the Griya Yatim and Dhuafa offices. Then the distribution pattern is to be distributed to programs in Griya Yatim and Dhuafa. Then the role of zakat, infaq, and alms is very useful to support the economy of mustahik, especially for their daily needs.
