

CHAPTER V

CLOSURE

A. Conclusion

After analyzing the movie, this chapter would like to conclude based on the problem statement as follows:

1. Moral values in Moana movie

The moral values in the movie is conveyed through the characters who play the role in the movie, presented in the scenes and dialogue in Moana movie. The moral values in this movies are: bravely, making an identity, reponsibility and persevered, cooperative, dare to appologize, love and affection. From the above moral values we can teach it to students and that moral value is examplary by students.

2. Implication of Moana movie in Learning English

Through the movie teachers can provide students with a way to learn that is not boring and fun. Usually watching movie can give our inspiration, suggestion, and motivation in our life. From the movie can also motivate students to develop their English vocabulary.

B. Suggestion

Researcher would like to give the suggestion that related to this research for teachers or parents, and next researcher. The suggestion can be put forward as follows:

1. To the readers

- a. Watching movie have many fuction, this not only as entertainment medium but if teachers or parents can selective with the movie, we can get many advantages especially to educate the children. Because, in the movie we can guide the children about attitude, they have to learn how to different bad action and good action. Watching movie can give our inspiration, suggestion and motivation in our life. Especially for western movie, there are some differences cultures that contain and apply to our life.
 - b. In teaching using English-language movies, we can make it easier for students to explore the vocabulary that students have through dialogue in the movie. In addition, we can also develop the skills that students have through movie.
2. To the next researcher
- a. For the next researchers who study about moral values they can take this research paper to reference.
 - b. The researcher reccomends to other researchers that they should do some related research in deeper, further, and better techniques. Positive criticism is needed to make the next study better.
