

CHAPTER V

CLOSURE

A. Conclusion

Based on the research findings data have been described in previous chapter.

there are several things that can be concluded :

1. The impementation of the opinion gap activity that is commonly used by teachers at SD Alam Muhammadiyah Banjarbaru is to use disscusion, debate, and story completion as techniques used to obtain students responses. Besides that, The students can also give a good response.
2. Based on the result of interviewa, the way teachers at SD Alam Muhammadiyah Banjarbaru solve the challange of using opinion gap activity in teaching English, he explained that is not easy to stimulate students so that it is not easy to stimulate students so that they can attract students attention in class. So he must make students imagine and develop ideas that arise. Therefore, the challange faced by teachers is that the teachers must think carefully about what questions need to be stimulated by students so that they can attract their attention, and also the teacher must adapt to the circumstances and materials in the teaching and learning process.

B. Suggestion

After doing research there are weakness of this research that should be fixed by the next researcher that would like to conduct researcher in the same field.

The researcher would like to propose the following suggestion :

1. For English Teacher

The researcher hopes that after reading this thesis, it can help teachers develop creativity in the English learning process to create a good teaching and learning process.

2. For the further Researchers

The researcher gives suggestions to further researcher to examine more deeply about the Opinion gap activity so that there are other developments and inovations in this researcher.

3. For the Readers

The researcher hopes that the result of this study are useful for readers to provide or add new information about teaching and learning English.
