

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter, the researcher want to draw counclussions from what has been discussed in the previous chapters, and to recomended some suggestions about the teacher's teaching strategy to dylexia studnts and the problems that exist in dyslexia children students of SMPN 14 Banjarmasin.

A. Conclusion

Based on the research of the teche strategies and problems stdents dyslexia result. The counclussion ddress the answers of research question in as stated in chapter 1. The suggestions are provide to expect better improment for teacher's strategies, and problems students dyslexia.

1. Strategies used by teachers in the hands of students dyslexia learning difficulties using learning media, increase learning motivation to children, increase the child's confidence, don't ever blame the child for conditions that experienced and always accompanied the child in the study.
2. The problems encounted by the teacher are (a) students dyslexia are not very inteested in learning English, (b) lack of practice at home is the problems that regular students and children dyslexia, (c) they lack interest in reading about English, so they are not interested in reading English, especially with children with reading difficulties such as dyslexic children. (d) not understand vocabulary in reading English dyslexia.

B. Suggestion

Based on the research and data analysis about teacher's strategies and problems students dyslexia in the classroom.

1. Suggestion for teachers strategies

- a. The teachers strategies have addition media infrastructure teachers use for students is still lacking, such as LCDs that are not in the classroom when learning to read fairy tales, so dyslexic students do not understand the meaning of reading because dyslexic students are stronger visually than listening.
- b. The teachers must improve strategies so that dyslexia students are more enthusiastic about learning in class.
- c. Teachers must always give more love and attention to dyslexia students.

2. Suggestion for students

- a. In order to improve the students ability in reading skill.
- b. Dyslexia students must be enthusiastic in learning English, especially reading.
- c. Dyslexia students must be able to improve their reading skills
