

CHAPTER V

CLOSURE

A. Conclusion

Based on finding and discussion, assessment was the way to know about the ability of student in the classroom. It can be include that the teachers use the project work as a kind of alternative assessment at their English classroom in Unit Pengembangan Bahasa UIN Antasari Banjarmasin. The types of project work that teacher use were unstructured project and semi-structured project for their students do the project work as their task.

B. Suggestions

Based on the discussion and conclusion, the researcher gives suggestions as below :

1. For the teacher in UPB

Teachers are suggested to explore more of alternative assessment that can they use at English classroom at UPB. Beside doing the project work as kind of the alternative assessment, they can use the other.

2. For the institution of UPB

Institution are expected to motivate their teacher to implementing and exploring more kind of alternative assessment. It

could be realized by providing the teachers with supporting facilities as the contribution of teaching learning process.

3. For the future researcher

The future researcher are suggested to explore more study about alternative assessment that teachers can use for their learning process. The future researcher also suggested to conduct the study about how the alternative assessment use in English classroom.
