

CHAPTER V

CLOSURE

The researcher wants to offer suggestions and conclusions in this chapter. The research question is addressed in the conclusion, which is supported by chapter IV findings and discussion. These suggestions serve as evidence for the significance of the research that was presented to the parties in Chapter I.

A. Conclusion

The conclusion obtained by the researcher after conducting research on the textbook "*Buku Interaktif Bahasa Inggris*" that this book has met the criteria very good, with a score achieved 86% (eighty six percent). With very good material accompanied by relevance and technology that supports classroom in teaching and learning procedures.

B. Suggestions

The researcher's advice is intended for Publisher, English teachers, and future researchers who want to carry out similar research. The researcher hopes that all aspects of English teaching that are related to this research can be implemented.

1. Publisher

This research is expected to inform that this book is suitable for use by teachers in teaching students English subjects. Although there are several things that must be considered in the improvement and revision of this book.

2. English Teacher

The findings of this study can be used to select good textbooks and will be used to teach students in English subjects.

3. Future Researchers

Because the subject of this study is the feasibility content in English textbook, it is recommended for researchers to always pay attention to the content contained in the textbooks used in learning English at school.
