

CHAPTER V

CLOSURE

A. Conclusion

In this chapter researcher would like to give two conclusions about this research from Figure of speech are used by the utterance of WHO director-general's opening remarks speech of declared covid-19 as Pandemic in press conference, these are:

1. Based on the findings and discussion before, there were 35 times figure of speech data found out from the utterance from the source video in this thesis and classify it into 12 types of figures of speech that has found, there are : Allegory, Apostrophe, Metonymy, Alliteration, Anaphora, Anticlimax, Antistrophe, Assonance, Climax, Consonance, Euphemism and Onomatopoeia.
2. By conducting this research, the researcher appeal this research can be variety of media sources for teachers to teach materials that related. Because the researcher believe that by learning this material can increase students ability in speaking skills get better in front of people.

B. Suggestions

The author makes recommendations for the reader based on the findings of this research, which examines several sorts of figurative language. This is worthy of discussion:

1. There are a lot of topics that can be discussed about figure of speech in the different point of view, but for this research it is a study of the types of figure of speech in video scripts. Understanding figure of speech will make the readers easier to catch the meaning, message and also the hidden meaning that could be exist, especially in the speech in front of public.
2. For the next researcher, researcher hoped this research can be one of the references to the next researcher for student of Antasari state Islamic university of Banjarmasin, who want analyze about figure of speech especially in faculty of tarbiyah and teacher training. researcher hoped that this research can be used in other objects, like figure of speech in poetry, short stories, and etc.
3. The researcher expect that this thesis can be a tool to help teachers find additional material for their teaching materials in class. Especially in the application of figure of speech material that can be implemented in learning speech lesson for students.
