

CHAPTER V

CLOSURE

The researcher describes the conclusion of the result thesis and gives recommendations in this chapter. The conclusion is intended to address the research questions generated by this study. The suggestion is aimed towards academics, students, and future research.

A. Conclusion

Based on the result, researcher could conclude that the types of rewards used by teacher to motivate young learners in learning English:

1. Teacher use rewards to motivate young learners in learning English, the types of rewards used by teacher are praise and symbolic rewards to motivate young learners learning English,
2. Student response when getting rewards from the teacher to motivate young learners in learning English. All students responded that they felt motivated and gave well response when getting rewards from the teacher.

B. Suggestions

Based on the findings of the research, the researcher would like to propose the following suggestions:

1. For Teacher

The teacher must be able to provide pupils with the greatest educational services possible so that they are motivated to study English.

2. For The Next Researcher

The next researcher who wants to accomplish anything similar should properly understand the topic in order to conduct better study. Future studies could look into this at different levels.
