SCRIPT 1

P1.=

1. I have been reading manga since junior high school, and I really like English so the reason why I prefer to read English translated manga is because I want to challenge my English skills and want to learn English more while enjoying reading the manga that I like.
2. Yes, I prefer manga as my English reading material because while reading manga I feel happy and can relieve stress. Images in English translated manga help me not get bored quickly with English reading material.
3. Sometimes there are problems in translating such as not finding the right sentence, the way to solve it is by looking at the picture and guessing the meaning that matches it by myself.
4. Of course unknowingly it improves my English reading skills which I feel in terms of vocabulary of course it increases and also in terms of understanding the story because the pictures in the English translate manga are also helpful.
5. Quite effective, besides learning can also have fun while reading English translate manga. Manga also can foster reading intent and can make us read a lot because manga is interesting with images that do not make we bored.

P2.=

1. I have been reading manga since 2021, and the reason why I read English translated manga is because it is released faster than the Indonesian translated manga, another reason is also because the English translated manga understandable than the Indonesian translated manga. Indonesian translated manga, somehow a bit messy and disconnected.
2. Yes, I prefer English translated manga as my extensive reading material because I like illustrated stories and I can understand the story better than novels or other reading materials, where the language is usually more poetic and difficult. In English translated manga, it is usually easy to understand because it uses daily language, especially in the manga, there are visual images that help to understand the story.
3. If there is, I usually use Google translate to translate it, or I can also read the sentences before and after and then guess the meaning with my own understanding.
4. Yes, my reading ability has improved little by little in terms of understanding, as first I did not understand with English reading at all, but because I read a lot and was helped by images in the manga, I got used to reading it even though there are some word I do not know the meaning but I still can understand the contents of the story. At the same

time, my vocabulary also increases as I read a lot of English translated manga.

5. From my experience it is effective because the media for learning English can be anything. Especially manga is popular now, there are definitely a lot of devotees, so English translated manga can be used as an interesting learning medium and can foster interest in reading English reading materials.

P3.=

1. Since junior high school, I have liked reading manga, but sometimes I have trouble finding Indonesian translated manga and indeed it is easier to find English translated manga on the internet. So because I am already curious with the story of a manga, I force myself to read English translated manga with my limited knowledge about English language, but over time because I want to understand the stories in English translated manga, I learn English.
2. Yes, I prefer English translated manga because it has images and I really do not like books with full text, it make me get bored quickly.
3. Yes, when reading English translated manga, sometimes I have difficulty translating, the way I overcome it is to find the meaning with my own understanding while reading manga, like guessing what is meant by reading the whole sentences first. Images in manga also very influential to explain the sentences.

4. I feel indirectly improving my English reading skills because when reading English translated manga, I definitely find new vocabulary. Pictures in English translated manga also helps my understanding to understand the whole story. When I do not know the contents of the text, I can still enjoy the pictures in English translated manga while reading.
5. In my opinion, whether it is effective or not depends on the person, if they really like Japanese anime, they will definitely like manga and enjoy reading English translated manga because that way they can read a lot of English reading material and unknowingly improve their reading skills.

P4.=

1. I started reading manga since three years ago, around 2019. I read manga because I like it and why I prefer to read English translated manga because English translated manga releases quickly than Indonesian translated manga.
2. Yes, manga is easier to understand because there are images that help give an understanding of the contents of the story.
3. Yes, I definitely have difficulty translating. The first way to solve it is to read the whole text or sentence so that I can determine the meaning by myself. This works especially well with images in manga because images in manga help explain some of the text so I can understand the

story. If the vocabulary is too difficult and I still do not understand it, I look up the meaning in the internet or Google translate.

4. Yes it increases unconsciously in terms of comprehension and vocabulary.
5. Effective, because English translated manga can be a medium that keeps us reading English reading materials.

P5.=

1. I started reading manga since 2022. I read English translated manga because I am interested in reading English reading materials and I feel challenged when reading it.
2. Yes, I prefer English translated manga than other English reading materials. First, because I really like things from Japan, such as anime and manga. Second, because manga suits my taste, I usually get bored quickly with books that are full text and difficult to understand because they are in English. English translated manga is easier to understand and not boring because there are pictures.
3. Sometimes I find difficulties. I overcome them by searching on the internet or translating them in Google translate, but more often I have to understand the meaning by myself.
4. Yes it increases, more towards being able to understand the reading in a short time, like speed reading but still catches the meaning. In terms

of vocabulary it also increased, I also found some new slang when reading English translated manga.

5. Yes it is effective because it can foster interest in reading toward English reading material. .

P6.=

1. I have been reading manga since senior high school because I like manga. The reason for reading English translated manga is because there are many manga available that are only in Japan or English, and Indonesian translated manga is limited and hard to find. So like it or not, I have to read English translated manga because I am already curious about the story in the manga. But so far I prefer to read English translated manga because I am also learning English while reading the manga that I like.
2. Why do I prefer English translated manga because manga are easier to understand, while reading it is also helped by the images in the manga. The language in manga is also easier and commonly found in everyday life.
3. Surely when reading English translated manga I find difficulties in translating, how to overcome it by opening Google translate or translating with my own understanding assisted by pictures in the manga.

4. Yes it has increased in terms of vocabulary which has increased more and more because I read a lot of English translated manga, and pictures also help improve in terms of understanding the contents of the story.
5. Yes, it is effective because the pictures on English translated manga make it easier to understand and can attract interest in reading so that people are good at reading English reading material.

P7.=

1. I have reading manga since I was in elementary school, but in Indonesian. I just started reading English translated manga when I was in high school. The reason for reading English translated manga is because it is easier to find than Indonesian translated manga, I also want to improve my English skills.
2. I prefer reading English translated manga because it is more interesting and I really prefer illustrated stories.
3. Yes, I often have trouble and the way I solve it is by directly interpreting the vocabulary on Google translate or if I am lazy I usually prefer to translate the meaning with my own understanding and with the help of images in manga, this is the method I use the most.
4. Yes, it increases in terms of conversation and vocabulary and from a reading comprehension point of view, because I read a lot of manga, I can subconsciously understand the whole story, even though there are some vocabulary that have my own understanding.

5. Effective because English translated manga includes light reading that can foster reading interest for beginners to read English reading materials.

P8.=

1. I have started reading manga since junior high school and I read English translated manga because most of the manga titles I want to read are only available in English, rarely I can find Indonesian translated manga.
2. Yes, I prefer English translated manga because I really like Japanese anime. Usually, Japanese anime stories are taken from manga. I also like illustrated stories, and manga includes readings where each panel of text is easy to understand so I do not get bored reading English translated manga.
3. I always solve it by translating in Google translate.
4. Yes, I feel an improvement when I read a lot of English translated manga, especially the increase in vocabulary and reading comprehension.
5. I think it depends on the individual, for people who like anime and manga like me, it can be effective because they often read English reading materials. But, for beginners, manga can be used as a learning medium to attract people's interest in reading in English reading materials because manga has sentences that are easy to understand and

conversations in English translated manga are often found in everyday life.

P9.=

1. I have been reading manga since 2021. I read English translated manga because I watched anime and wanted to know how the story goes, but when I searched for Indonesian translated manga I could not find it, that is why I read English translated manga, besides being easy to find, English translated manga usually release quickly.
