

CHAPTER V

CLOSURE

The conclusion and suggestions for the participants and other researchers for potential advance study in this field are displayed in this chapter. The research starts by concluding the discourse from the past chapter. Besides, the researcher takes into consideration the discoveries, discourses, and conclusions to formulation.

A. Conclusion

1. The Researcher found that there was implementation classroom instructions in teaching English at UPTD SMPN 6 BATI-BATI. The implementation classroom instructions in teaching English Used Clear and Precise Language, Repeat Your Directions, Use An Appropriate Tone, Describe The Specific And Provide Examples And Break Task Into Manageable Chunks.
2. The researcher also found that in implementing classroom instructions in teaching English at SMPN 6 BATI-BATI also had challenges when implementing classroom instructions in teaching English. These challenges are: Lack of Resources, Time Constraints, Diverse Student Needs, Evaluation and Assessment, Budget Constraints and Managing Large Classroom.

B. Suggestion

1. Future researcher can explore assist around the implementation of English teachers instructions and the challenges of implementing instructions. And can carry out special research in other areas.
2. The Teachers must also be more enthusiastic when implementing instructions and use other sorts of activities within the learning handle. And determine curiously and changed activities to attract student motivation in learning English in course.
