

## CHAPTER V

### CLOSURE

#### A. Conclusion

Writing thesis is an action carried out by students as their last assignment before graduate. These days, some people can use A.I to help them doing everything they want including writing thesis. One of A.I helper tool is paraphrasing tool, paraphrasing tool is very useful to help people in paraphrasing their writing including in thesis writing. One of the paraphrasing tool is quillbot. Not only to paraphrase, quillbot also has features to help its users to summarize, generate instant citation, check grammar, translate, detects A.I, and to check plagiarism. The result of research that the researcher have conducted found that:

1. the quillbot features used by students to help them writing their thesis are paraphraser, summarizer, A.I Detector and grammar checker. Meanwhile citation generator, plagiarism checker, the translator and quillbot flow are not used by students.
2. It's also found that quillbot is very convenient to help students avoid plagiarism, save time, demonstrate writing styles, content improvement and to create new sentences.

## B. Suggestions

According to the findings above, the significant suggestion is delivered by the researcher as follows:

### 1. For university

Based on the research conducted, it's recommended to the university to provide learning material using quillbot to help the students writing their thesis because it's very advantageous and convenient to help students in their thesis writing.

### 2. For teachers

For some teachers in university it's hoped that teachers are able to understand about how to use some paraphrase tools one of them that most popular is quillbot to help teaching students about how to write thesis easier and more efficient.

### 3. For students

Based on the research, it's recommended to students to use quillbot to help them writing their thesis because it's proven that quillbot advantageous to help students avoid plagiarism, save time, demonstrate writing styles, content improvement and to create new sentences.

Not only that, students also recommended to use quillbot to learn and discover about how to make their academic writings better.

#### 4. For further researcher

Future research is suggested to explore more about the feature of quillbot since it's not yet explored by many researcher and it's convenient because people will get much benefit in writing thesis by reading this research

The researcher realizes that this research is still far from being perfect, so criticism and suggestions from the readers are expected to make it perfect. Hopefully, it will be useful for the readers especially for the lectures and students of the English Education Department of UIN Antasari Banjarmasin. Finally, the researcher hopes that this research can be used as a reference for those who are interested in using quillbot for their thesis writing.
