

CHAPTER V

CLOSURE

A. Conclusion

Based on the research result in English class at ninth grade students of Mtsn Aluh-aluh academic year 2016/2017, the writer can include the points as follow:

1. The kinds of types work in pair technique that the teacher used in teaching speaking at ninth grade students for English teacher are : retell the picture, role play, and conversation.
2. The result of the study showed the use of work in pair technique can significantly enrich the students speaking abilities. From it the writer found that to have good achievement in speaking it should be practiced. What the researcher did in this research is observing pair work technique to make their speaking skill better.

B. Suggestion

Based on the findings of the research the writer would like to propose the following suggestions:

1. For the ninth grade students of Mtsn Aluh-aluh expected to study hard in English subject particularly and also should be creative students to get more knowledge, not only from teacher, but also through English media like English program at

Television or radio, English newspaper and the most important thing is practice your English anytime and any condition.

2. For the English teachers, more discuss about work in pair technique in teaching English, especially in teaching speaking deeper and ideally, they should have a vast knowledge in teaching learning methods and techniques and for work in pair technique is the one of many good technique the teacher can use. Therefore, they can make the class more active and interesting for their students and make them enjoy in learning although the material is difficult.
3. The writer realizes that the study however, has not been satisfactory yet. The writer hopes that other researchers would continue this study to make this research more perfect and it can be applied for all of the school to improve the students' speaking ability in English.
