

CHAPTER V

CLOSURE

This chapter consists of two parts. The first deals with the conclusion of the findings, and the second part deals with suggestion.

A. Conclusion

Based on the research result, there are some necessary conclusions that can be presented by researcher as follow:

1. The teacher's constraint in improving reading ability for seventh grade students at SMPN 2 Jorong that faced by a teacher in teaching English reading in fact very complex problems. This can come from the teacher or the students themselves, facilities, teaching methods as well as from external factors that exist. English teacher in SMPN 2 Jorong in explaining English lesson less clear and unclear.
2. The influential factors in improving reading ability are English teachers experience that she did not have much time to make a lot of media and there is no budget for the media of their own. Almost all of the students had problems in learning English. In general, their problems were related to low motivation, bad study habit, and attitude toward learning.
3. The teachers' solution in improving reading ability in teaching English Teacher should create many kinds of teaching media, technique, games, pictures, card and humor stories can motivate students to read. Facilities that must be provided by institutions in general, classrooms, learning aids and

teaching media, library, textbooks and other supporting facilities such as bookcases, and others.

B. Suggestions

Based on result of this research, the researcher has suggestions as follows:

1. The headmaster of Junior High School (SMPN 2 Jorong) would be better to activated the English study club, because the time allocation that is available in the class is not enough to improve students' ability in learning English.
2. The English teachers would be better to using the media which is has variation to make more interesting in teaching and learning English in generally and in reading ability especially.
3. The researcher hope after this research, this thesis can give advantages to the next researcher, and for the next researcher are able to get research about other skills.
