

## LIST OF TRANSLITERATION

Page	Verse	Translitarary
1	Surah Al Hujurat verse 13	O mankind, indeed We have created you from male and female and made you peoples and tribes that you may know one another. Indeed, the most noble of you in the sight of Allah is the most righteous of you. Indeed, Allah is Knowing and Acquainted.

## APPENDICES

### 1. "Another Day Of Sun"

*[First Girl:]*

I think about that day  
I left him at a Greyhound station  
West of Santa Fé

We were seventeen, but he was sweet and it was true  
Still I did what I had to do  
'Cause I just knew

Summer Sunday nights  
We'd sink into our seats  
Right as they dimmed out all the lights  
A Technicolor world made out of music and machine  
It called me to be on that screen  
And live inside each scene

*[First Girl & First Man:]*

Without a nickel to my name  
Hopped a bus, here I came  
Could be brave or just insane

*[First Girl, First Man & Second Man:]*

We'll have to see

*[First Girl:]*

'Cause maybe in that sleepy town  
He'll sit one day, the lights are down  
He'll see my face and think of how he...

*[First Girl, First Man, Second Man & Dancers:]*

...used to know me

*[All:]*

Climb these hills  
I'm reaching for the heights

And chasing all the lights that shine  
And when they let you down  
You'll get up off the ground  
'Cause morning rolls around  
And it's another day of sun

*[Young Man:]*

I hear 'em ev'ry day  
The rhythms in the canyons  
That'll never fade away  
The ballads in the barrooms  
Left by those who came before  
They say "you gotta want it more"  
So I bang on ev'ry door

*[Second Girl:]*

And even when the answer's "no"  
Or when my money's running low  
The dusty mic and neon glow  
Are all I need

*[Young Man:]*

And someday as I sing my song  
A small-town kid'll come along

*[Second Girl & Young Man:]*

That'll be the thing to push him on and go go

*[All:]*

Climb these hills  
I'm reaching for the heights  
And chasing all the lights that shine  
And when they let you down  
You'll get up off the ground  
'Cause morning rolls around  
And it's another day of sun

*[Instrumental Break]*

*[First Girl:]*

And when they let you down  
The morning rolls around

*[All:]*

It's another day of sun  
It's another day of sun  
It's another day of sun  
It's another day of sun  
Just another day of sun  
It's another day of sun  
Another day has just begun  
It's another day of sun

It's another day of sun

## **2. Someone In The Crowd**

You got the invitation  
You got the right address  
You need some medication?  
The answer's always yes

A little chance encounter  
Could be the one you've waited for  
Just squeeze a bit more

Tonight we're on a mission  
Tonight's the casting call  
If this is the real audition  
Oh, God, help us all

You make the right impression  
Then ev'rybody knows your name  
We're in the fast lane

Someone in the crowd could be the one you need to know  
The one to finally lift you off the ground  
Someone in the crowd could take you where you wanna go  
If you're the someone ready to be found

you're the someone ready to be found

Do what you need to do  
'Til they discover you  
And make you more than who  
You're seeing now

So with the stars aligned  
I think I'll stay behind  
You've got to go and find

That someone in the crowd

That someone in the crowd

Is someone in the crowd the only thing you really see?  
Watching while the world keeps spinning 'round?  
Somewhere there's a place where I find who I'm gonna be  
A somewhere that's just waiting to be found

Someone in the crowd could be the one you need to know  
The someone who could lift you off the ground  
Someone in the crowd could take you where you wanna go  
Someone in the crowd could make you  
Someone in the crowd could take you  
Flying off the ground  
If you're the someone ready to be found

### 3.a lovely night

The sun is nearly gone  
The lights are turning on  
A silver shine that stretches to the sea

We've stumbled on a view  
That's tailor-made for two  
What a shame those two are you and me

Some other girl and guy  
Would love this swirling sky  
But there's only you and I  
And we've got no shot

This could never be  
You're not the type for me

Really?

And there's not a spark in sight  
What a waste of a lovely night

You say there's nothing here?  
Well, let's make something clear  
I think I'll be the one to make that call

But you'll call?

And though you looked so cute  
In your polyester suit

It's wool

You're right, I'd never fall for you at all

And maybe this appeals  
To someone not in heels  
Or to any girl who feels  
There's some chance for romance  
But, I'm frankly feeling nothing

Is that so?

Or it could be less than nothing

Good to know  
So you agree?

That's right

What a waste of a lovely night

#### 4. City of stars

City of stars  
Are you shining just for me?  
City of stars  
There's so much that I can't see  
Who knows?  
I felt it from the first embrace I shared with you  
That now our dreams  
They've finally come true

City of stars  
Just one thing everybody wants  
There in the bars  
And through the smokescreen of the crowded restaurants  
It's love  
Yes, all we're looking for is love from someone else  
A rush  
A glance  
A touch  
A dance

A look n somebody's eyes  
To light up the skies  
To open the world and send it reeling  
A voice that says, I'll be here  
And you'll be alright

I don't care if I know  
Just where I will go  
'Cause all that I need is this crazy feeling  
A rat-tat-tat on my heart

Think I want it to stay

City of stars  
Are you shining just for me?  
City of stars  
You never shined so brightly

## 5. Start a fire

I don't know why I keep moving my body  
I don't know if this is wrong or if it's right  
I don't know if there's a beat, or something's taking over me  
And I just know I'll feel so good tonight

I don't know what your name is but I like it  
I've been thinking 'bout some things I wanna try  
I don't know what you came to do, but I wanna do it with you  
And I just know I'll feel so good tonight

Oh, if we keep on dancing  
Take our rhythm to new heights  
Feel the heat of passion, baby  
Light up the night

We could start a fire  
Come on, let it burn baby  
We could start a fire  
Let the tables turn baby  
We could start a fire

I just know I feel so good  
Don't you know I feel so good  
I just know I feel so good  
Tonight

I don't care if this turns into a riot  
Let's get reckless, tear this place down to the floor  
Turn the music way up loud  
Can't nobody stop us now  
I just know I feel so good tonight  
I just know I feel so good tonight

We could start a fire  
Come on, let it burn baby  
We could start a fire  
Let the tables turn baby  
We could start a fire

I just know I feel so good  
Don't you know I feel so good  
Don't you know, don't you know?  
Tonight.

## **6. The Fools Who Dream** (performed by Emma Stone)

Leapt without looking  
And tumbled into the Seine  
The water was freezing  
She spent a month sneezing  
But said she would do it again

Here's to the ones who dream  
Foolish as they may seem  
Here's to the hearts that ache  
Here's to the mess we make

She captured a feeling  
Sky with no ceiling  
The sunset inside a frame

She lived in her liquor  
And died with a flicker  
I'll always remember the flame

Here's to the ones who dream  
Foolish as they may seem  
Here's to the hearts that ache  
Here's to the mess we make

She told me:  
"A bit of madness is key  
To give us new colors to see  
Who knows where it will lead us?  
And that's why they need us"

So bring on the rebels  
The ripples from pebbles  
The painters, and poets, and plays

And here's to the fools who dream

Crazy as they may seem  
Here's to the hearts that break

Here's to the mess we make

I trace it all back to then  
Her, and the snow, and the Seine  
Smiling through it  
She said she'd do it again
