The higher the professional competence of the higher the level of success in teaching, otherwise the lower the competence of professional owned by the lower also the level of success in teaching.

b. Suggestion

Based on the result of research, it can be submitted some suggestions as follow:

1. PPB

The hope of PPB themselves in order to select lecturers who will teach PPB especially in the low class to choose a lecturer who has a good competent, the

students in lower classes require a teacher who is better able to teach them to improve their English skills

2. Lecturers

For the lecturers in the hope that can imitate the lecturers who are experienced and have good competence and also expected that the lecturers can attend seminars and training how to be a good competent educator so that it can be motivated to become a competent educator. The lecturers pay more attention to the pedagogical and professional competence in teaching because these two competences are very important role in teaching and learning process, so that the achievement of learning success.
